

Key Signal, Cyber & EW Doctrine

Available at: <https://armypubs.army.mil>

ATP 6-02.53: Techniques for Tactical Radio Operations (Feb 2020)

ATP 6-02.54: Techniques for Satellite Communications (Nov 2020)

ATP 6-02.75: Techniques for COMSEC (May 2019)

ATP 6-02.71: Techniques for DoDIN Ops (Apr 2019)

ATP 6-02.2: Signal Platoon (Dec 2020)

FM 6-02: Signal Support to Operations (Sep 2019)

ATP 3-12.3: Electronic Warfare Techniques (Jul 2019)

JP 3-85: Joint Electromagnetic Spectrum Operations (May 2020)

Products Under Development

NTC Retransmission (RETRANS) Employment Videos including: Planning, Site Selection, Site Set-Up, PCC/PCI, Security, EMCON and Antenna Emplacement.

Lessons Learned High Frequency (HF) Guide including: Planning, Basic and Advanced Operations, and Long-Haul employment.

Lessons Learned Satellite Transportable Terminal (STT) Operator Videos including: Installation, Operation, and Maintenance.

Lessons Learned Training Circular (TC) 6-02.53.1, Radio & System Operator Guide. (Update to the Radio Operator's Handbook, including a significant amount of new content)

Doctrine and Lessons Learned Resources for Signal, Cyber, EW, &

<https://lwn.army.mil/web/ccl>

Training Resources

Available at: <https://lwn.army.mil/web/cll/signal>

There are multiple folders containing available training resources including powerpoint slides and videos to conduct training, technical manuals/bulletins, SOPs, and quick reference guides.

Commo Chief/Company Commo Rep folder

Training Videos

The "Training Videos" folder includes downloadable videos for the following equipment:

Radio Systems:

SINGGARS

AN/PRC-150

AN/PRC-148/JEM

AN/PRC-117F/G

AN/PRC-152

Mission Command Systems:

JCR

JBC-P

Ancillary Devices:

SKL

DAGR

SMART-T: Complete operator/maintainer courses to assist with the installation, operation and maintenance of the SMART-T system.

The Lessons Learned website is CAC enabled and optimized for Mobile Devices.

**** Products on the LL website are collected from operational units, home station training events, CTC rotations, and the LandWarNet ****

The Cyber Center of Excellence Lessons Learned team is here to help!

The team has put together a collection of resources to assist Soldiers with the employment of common signal equipment, mission command systems, and available Cyber/EW references.
